If You Have An Affinity For  
**Fit, Feel & Comfort...**

We Have An *Affinity*  
For You.

Finally, all the things you love  
in one glove.

Think your level of dexterity is over the  
top. Well, it's made with neoprene,  
which means you can keep the great  
comfortable feel and form without all  
the concerns about latex allergies.

Affinity's unique polymer coating  
on the inside of the glove  
provides comfort and easy  
slipping. Affinity's new design  
provides a strong resistance  
to stretching and thermal  
expansion.
